

Columbia Market Nursery School

Children will have a temperature check when they come into the school building. If they have a temperature they will need to go home.

Children will wash or sanitize their hands when they arrive at school and regularly during their sessions. Please support your child to wash their hands before leaving home and when they return home.

If your child is unwell they need to stay at home.

Children will be encouraged to wipe their nose, sneeze or cough into their elbow and wash their hands afterwards. Please encourage them at home with “Catch it, Bin it, Kill it” .

We will be cleaning and wiping surfaces regularly. Toys will also be cleaned regularly.

Adults must maintain social distancing when dropping off or picking up.

Young children cannot socially distance. We'll care for them if they are hurt or upset. We'll play with them and staff will use normal procedures if they are hurt or need changing.
